

## Air Purification Technology

*Removing odor, corrosion, airborne dust and VOCs  
at wastewater treatment and industrial facilities*

Website | Wastewater/Industrial | Commercial | Ionization Science | Library | About Aerisa

Greetings!

### **Abstract Deadline Approaching - WEF Odors and Air Pollutants 2016**

As a Planning Committee Chair for the 2016 Odors and Air Pollutants (OAP) Conference held by the Water Environment Federation, **I urge you to [submit your abstract](#) before the August 17, 2015, deadline.** This is your chance to be both informative and informed by presenting your work and participating in the conference.

The 2016 OAP Conference will be held from March 21-24, 2016, in Milwaukee, Wisconsin. This bi-annual conference is designed to educate practitioners, facility owners, operators, researchers, and public administrators about current odor issues, regulatory requirements, analyses, and solutions.

Abstracts addressing the following topics are invited:

- Odor Measurement, Monitoring, and Performance
- Odor Dispersion Modeling
- Collection System Odor Control
- Biological Odor Control
- Sustainability and Greenhouse Gases
- Innovative Technologies
- Agricultural/Industrial Odor Control
- Odor Control Problems, Troubleshooting, and Solutions
- Utility Odor Management and Planning

- Research

View the Call for Abstracts [here](#).

## QUESTION:

Did you know that Aerisa ionizers have **both [UL](#) and [cUL](#)** (Canada) certification?  
***Click the hyperlinks to see for yourself!***

### CALL TODAY TO SCHEDULE YOUR COMPLIMENTARY ODOR-ELIMINATING DEMONSTRATION!

[AerBreeze](#) is our portable two tube air purification unit with three speed (100 cfm max) fan. We offer a complimentary demo unit trial so you can experience first-hand its effectiveness against your own malodorous "cocktail." **Please contact us at 1-877-4-AERISA (23742) to schedule today.**

## ABOUT AERISA

Aerisa manufactures bipolar ionization technology that results in **dramatic air quality improvements** in a wide array of markets including industrial, institutional, commercial and residential. Aerisa successes are found in the most demanding applications, such as wastewater treatment, food processing, casino, athletic, and transportation. Contact Aerisa at 1-877-4-AERISA (23742) or visit [www.aerisa.com](http://www.aerisa.com).

Sincerely,

*Stuart Humphries*
