

Website | Wastewater/Industrial | Commercial | Ionization Science | Library | About Aerisa

Greetings!

Win an Aerisa Whole-House Air Purifier at WEFTEC 2015 Booth #727

For those attending WEFTEC 2015 in Chicago next week, **register to win a whole-house air purifier in the Aerisa booth, #727**. Aerisa's air ionization technology not only works to **control odors and corrosion at wastewater facilities**, but also is used within residential and commercial applications to **dramatically improve air quality**.

Four drawings will be held for an Aerisa [AerBrush](#), our "mighty-mite" ionizer, used for up to 2,400 square feet of residential space.

Stop by to also learn about Aerisa's **wastewater-related odor removal applications for:**

- Screenings Buildings
- Dewatering Rooms
- Truck Loading Areas
- Septage Receiving Facilities
- Influent Pump Stations
- Laboratories
- Administrative Offices

Visit Aerisa in WEFTEC booth #727 from
Monday, Sept. 28th to Wednesday, Sept. 30th.

QUESTION:

If you must heat a building, did you know that Aerisa can combine heat with air ionization in the same economical Ionizing Makeup Air Unit?

Aerisa provides an electric or gas furnace in our [AerSupply](#) units as a standard option. Particularly beneficial for classified areas, this discipline integration eliminates the need for costly explosion-proof unit heaters while also providing odor and corrosion control inside the building.

**CALL TODAY TO SCHEDULE YOUR COMPLIMENTARY
ODOR-ELIMINATING DEMONSTRATION!**

[AerBreeze](#) is our portable two tube air purification unit with three speed (100 cfm max) fan. We offer a complimentary demo unit trial so you can experience first-hand its effectiveness against your own malodorous "cocktail." **Please contact us at 1-877-4-AERISA (237472) to schedule today.**

ABOUT AERISA

Aerisa manufactures bipolar ionization technology that results in **dramatic air quality improvements** in a wide array of markets including industrial, institutional, commercial and residential. Aerisa successes are found in the most demanding applications, such as wastewater treatment, food processing, casino, athletic, and transportation. Contact Aerisa at 1-877-4-AERISA (237472) or visit www.aerisa.com.

Sincerely,

Stuart Humphries
